

PARANOIA

Matt OX

Tweaked outta my mind, I'm hearin' noises
Tweaked out my mind, I'm hearin' voices
It feel like I got paranoia

Paranoia, paranoia, paranoia
Paranoia, paranoia, paranoia
Paranoia, paranoia, paranoia
Paranoia, paranoia, paranoia

I know I'm not normal, I feel immortal
It feel like I'm warpin' in and out of a portal
Morphin' in and keep it cool, I done did this all before
I've been drippin' before, I've been flippin' racks before
I been flexing on y'all before, I been trippin' like that before,
before
Hop in the whip, and it's a puto
Kissin' the check and I just hit a rock
You in the DM's and I'm up in the drawer
That boy large, [?]
He ain't even know what he thought
Stock aside with my thots
I gotta get up, I'm thinking and thinking too much
My mind in a rush, thinking and thinking too much
Gotta keep it tucked, keep up
Keep up with it, out my mind, I be trippin'
Took my time to get them digits, been online and never did listen
Watchin' the signs, I been seein' vivid
Checkin' the time and it keep on tickin'
Gotta stay to the grind, and keep on with them
And I keep my opps on, 'cause I never be slippin'

Tweaked outta my mind, I'm hearin' noises
Tweaked out my mind, I'm hearin' voices
It feel like I got paranoia

Paranoia, paranoia, paranoia
Paranoia, paranoia, paranoia
Paranoia, paranoia, paranoia
Paranoia, paranoia, paranoia
