

# PSYCHE

Matt OX

(Pik6sso on the go)

My psyche got me trippin'  
My psyche actin' different  
It's sickenin' and it's vicious  
Inflicted by the business  
Talked to my alter ego  
You don't know what we know  
You want beef and you get Geno's  
In the [?] we on the d-low  
Back from the dead, this my vengeance and redemption  
I don't go to bed, I stay restless and relentless  
All up in my head, manifestin' all these questions  
Last time I checked I was testin', you finessin'

Who you think you finessin'?  
You try me and I'ma check it  
You try me and I'm addressin' it  
I'm with the clique where you never been  
Make that flip with the dividends  
Been infinite, it's limitless  
Keep on drippin', that's just how I dress  
Get up, flex up  
Dress up, get yo' check up  
Hop up in that Tesla  
I drip so much, it's extra  
Switch up to the Benz truck  
In a Benz, get your bread up  
Wipe the tears, keep your head up  
With my friends, my whole setup  
Set it up, set it up, set it up, get it up  
Switch it up to that four-door  
No more pics, no photos  
I had to stay on the low-low  
I had to stay on the dolo  
Go, go, go, go, go, go, go  
Go mode, go mode, go mode, go mode, go home  
You still movin' slow-mo  
I'm not playin', this no joke  
What is he sayin'? Like oh no, you don't know  
No, you don't, no, you didn't  
No, you don't, no, you didn't  
No, you don't, no, you didn't  
On my own, I'ma get it  
On my own, I'ma get it  
So I seek and so I peeped her  
All my history repeats  
I don't sleep but I'm in peace  
They used to sleep on me like, please  
They just stuck up in they dreams  
But they don't chase it  
No, they don't make it  
They just keep hatin'  
You too basic  
They started actin', fakin', changin'  
I'm in the matrix, I invaded  
Changin' the cadence

Changin' the tone  
I had to make it all on my own  
I got no patience but it took long  
They was just hatin', doin' me wrong  
All along, at last  
All them loans, they back  
You at home laid back  
I'm on the road chasin' racks  
Yeah, that's owned [?]  
[?] I say no cap  
Givenchy cologne, I smell like some rat  
Hop outta the code, I came from the back  
With the bats in the back  
Look how I act, I do not behave  
Swervin' on that 'ee-way  
Crazy like a cat lady  
I won't even chat with him  
I'ma prolly laugh at him  
He thought it was funny  
But I'm not no dummy  
I'ma keep on stuntin'  
Got stunned like a dummy  
It's been lookin' ugly  
But I jump, fool, you're runnin'  
In the club it ain't sunny  
I got my shades on  
I'ma stay stuntin'  
Running up like the playoff

Psyche, psyche, psyche, psyche  
Psyche, psyche, psyche, psyche

My psyche got 'em all psyched out  
Nighty night, lights out

Like it's on sight when I'm around  
I'm rockin' all this ice, hope I don't drown  
I'm rockin' Off-White, I'm dripped out  
Shh, you better shut your mouth  
Better not get too loud  
I put the hunnids out  
I had to make it count  
Count it up, it's goin' down  
Run it up when we around  
It get silent for us, we gon' make a sound  
When we signin' up that's a hunnid bound  
Geez that's a lot  
Geesh he won't stop  
Jesus he's on top  
You see us, we on lock  
I'm in the safe and I'm locked in  
I got good taste just look what I'm rockin'  
I make what I make then I go cop it  
I got the flavors, I got the topics  
If it's about the paper we can start talkin'  
And I'll see you later, you already lost it  
I'm with the chasers 'til we exhausted  
If you gotta face us please have caution  
Step away from the scene  
Please, step away from the scene  
I repeat, step away from the scene  
Steppin' up to your team  
Kept it up with my speed

Had enough of that green  
Tryna go get to the blue  
I kept the truth with the proof  
You gotta lose in the news  
The lies they keep tellin' you  
We tried to tell you the truth  
You confined inside of the loop  
In the mind then I get confused  
And besides that, there ain't no rules  
And I shine with all these jewels  
Got the signs like I am a mule  
In the mine like I am a muse  
Too divine, my soul get soothed  
I'm not cool with your fools  
'Cause I move with a groove  
You denied and you got sued  
Try to tell me what to do
