

READY SET GO!

Matt OX

(I wish I lived in a drag house)
(BNYX)
Yeah, yeah

Live it up, I'm living like that
Get it up, I'm flipping them racks
Stay up, I never relax
Layup, I'm getting the bag
Laid up in the back with your bag
Say what, I say it again
Say something, it ain't no make no sense

Ready set go, ready set go, do the dash off
Get it and go, get it and go like blastoff
They capped out, it's all false
They backed down, they all fall

I'm back now, them racks out
Tap that like [?] to check the amount
Max that on matte black, I drip up and down
Pass that, I pass that, they want another round
Switch it up like a [?]
I ran it up on my 'lone
Alone, all alone in the home
All I know is I don't
I don't owe no loan
I'm gon' keep my hope
I'm gon' keep on coping
No, this ain't no joke

Ready set go, ready set go, do the dash off
Get it and go, get it and go like blastoff
They capped out, it's all false
They backed down, they all fall

In the ocean, keep afloat
In the ocean, in my zone
Keep on zoning

Keep afloat, keep on flowing
We on go, keep it going
Oh, we on go, keep it going
Oh, on the low, staying focused
Let it blow, it be blowing
I don't fold like a lotus
Lose control, no controller
Hop up in that Rover
My diamonds cold and I'm giving cold shoulders

Ready set go, ready set go, do the dash off
Get it and go, get it and go like blastoff
They capped out, it's all false
They backed down, they all fall
