**Matt OX**

It's gettin' hot, whip up the pot  
I'm on the block, we're at the top  
Just came from the rock, I never stop  
Just gettin' that guap, that is a lot  
Too much to count, said it out loud  
Big ole' amounts in the safe safe and sound  
You drip or you drown and you hate if you're out  
What you about? What you about?

Nothin', he frontin' and bluffin'  
I really with hunters, it's nothin'  
[?] you pose and you stuntin'  
I'm on the run with my cousin  
We get dough and we hustlin'  
No, I can't trust him, that boy a snake  
I can't relate, boy, stay in your place  
They on that chase, I'm state to state  
I'm late to say I ate my cake

It's gettin' hot, whip up the pot  
I'm on the block, we're at the top  
Just came from the rock, I never stop  
Just gettin' that guap, that is a lot  
Too much to count, said it out loud  
Big ole' amounts in the safe safe and sound  
You drip or you drown and you hate if you're out  
What you about? What you about?
