

# Shivers

Matt OX

Yo', yo', yo', yo', yo'  
And I rose up (Rose up) for sure (I know)  
So I stay low (Gotta move slow)  
So I stay low (And I stay afloat)  
On the stage I glow  
No face, no case, stay low  
But I'm on go

Shivers, shivers, shivers, shivers  
Shake-shake shivers, shake-shake shivers  
Shake-shake shivers, shake-shake shivers

Give you the shivers (I keep on [?])  
You isn't with us (I can't chill with ya)  
You won't forget us (Wait, wait, relax)  
Ask when they met us ('Cause we not chillin')  
'Cause they can't feel us, I feel fed up  
They see the real ones, I'm bein' dead up  
I'm stackin' real funds, you gotta get up  
I had a lil' fun, they tried to check us  
Tried to neglect us, you gon' regret us  
Go clean your mess up, you don't even get bucks  
Shh, don't say it  
Don't you say it, don't you say it, don't you say it (Don't say it)  
What you sayin'? What you sayin'? What you sayin'? (What you sayin'?)  
I ain't playin', I ain't playin', I ain't playin' (I'm playin')  
What I'm makin' or I'm takin' is remainin'  
I done made it, but it's changin' in the matrix

Shivers, shivers, shivers, shivers  
Shake-shake shivers, shake-shake shivers  
Shake-shake shivers, shake-shake shivers

You're right with us (Got my swag, got my drip up)  
You can't get us ([?] hit us)  
I ran it up first, I ain't takin' no turns  
I made it out the dirt then I got what I earned  
We had to make sure that y'all looked concerned  
It's hot, Lucifer, who's makin' it burn  
Turn, turn, turn, turn up the track  
Turn, turn, turn, turn up the track  
Skrرت, skrrrt, skrrrt skrrrt off the dirt  
Skrرت, skrrrt, skrrrt skrrrt off the dirt  
Engine's still runnin', get it like nothin'  
Finesse if you want it, address how you comin'  
Ballin' like Jumpman, I'm just pressin' buttons  
Call it, they runnin', said it and I done it  
What you think funny? Never been a dummy  
What you think of me? You never said nothin'

Shivers, shivers, shivers, shivers  
Shake-shake shivers, shake-shake shivers  
Shake-shake shivers, shake-shake shivers  
Shivers, shivers, shivers, shivers  
Shake-shake shivers, shake-shake shivers  
Shake-shake shivers, shake-shake shivers

(Cenobite, you on)
