

Trident

Matt OX

It's recording
I get my work from a narco

Money get forked like a trident
Couple of Gs up on my hip
Couple of licks that I hit
Pull up on you, leave you silent
Money look mystic
I keep on drippin'
You rappers is trippin'
I don't want to kick it
Money get forked like a trident
Couple of Gs up on my hip
Couple of licks that I hit
Pull up on you, leave you silent
Money look mystic
I keep on drippin'
You rappers is trippin'
I don't want to kick it

No cap
I don't even wanna chat
Too busy talkin' to these rat
You too busy talkin', you a rat (Rat), rat (Rat, ha)
Lane for my way to the back, man
Look like it went Super Saiyon
Check out every bill in the whole bank (Bank)
Rockin' designer
Everyday, dumb hoe deal we dinin'
Everyday, my neck super shinin'
You can't touch me, these VVS diamonds
The teacher would test me to see where my mind is
Now, I'm only testing VVS diamonds
Put what you put on your loan on my diamonds
I ain't never went to college
You ain't never made a dollar
Still get more than a doctor
Money gonna stick to me
That money keep on visiting
That money gonna
Man, the money gonna
They gone switch when money comin'
But they can't hang 'round us

Money get forked like a trident
Couple of Gs up on my hip
Couple of licks that I hit
Pull up on you, leave you silent
Money look mystic
I keep on drippin'
You rappers is trippin'
I don't want to kick it
Money get forked like a trident
Couple of Gs up on my hip
Couple of licks that I hit
Pull up on you, leave you silent
Money look mystic

I keep on drippin'
You rappers is trippin'
I don't want to kick it
