

# TRIPPLE DIP

Matt OX

Uh, yeah

I'ma skrrt in the whip  
Make her twerk, I don't tip  
What's the worst? I forget  
Diamonds chirp on my neck  
Just left Earth, I'm on a jet  
I'm goin' first, I heard you left  
Countin' racks, poppin' tags  
Gucci bag, too much flex  
I don't stress, I'm way too pressed  
Hundred racks up on my neck  
I'm in that trap, I don't ever lack  
I don't never slack  
Haha, never that  
I'ma get the racks  
Two tone patek on my neck, watch me flex  
Always flexed up, I be drippin' in the flesh  
Hold up, wait, let me relax

Noises in my head, voices in my head  
Picked his poison and he bled, choices in my hand  
Flipped a coin, it land on head, the forces are within  
Pick-, pick it up, pick it up, pick it up, pick it up, move it  
I get it, I get it, I get it, I smooth it  
Mix it up, mix it up, mix it up, smoothie  
This chick is, this chick is, this chick is a groupie  
She keep lookin' at me, like "Who he?"  
Get to the tea, so you know I'm recouping  
Please, I'ma leave her, she gon' lose me  
Truly I don't care  
Who he in the mirror?  
Only one I fear  
Boy, you is a square  
We can't even stare  
This ain't even fair  
That blew in the air  
New shoes, got a pair  
These is way too rare  
Now I'm seein' clear  
I'm ballin' while she chear

Huh, huh, huh, huh  
Huh, huh, huh, huh (You know who it is)

I get the bags and flipped it (Flipped it)  
Now I'm double dippin' (Dippin')

Just look how I'm livin' (Look how I'm livin')  
Do you see the difference, stupid?  
[?] had it together, stupid  
You gotta check where your head's at (Yeah)  
I'm chasin' racks, I don't sleep, where my bed at?  
Y'all gotta get it together, y'all said that  
You heard what I said and I said it 'cause I meant that  
Listen to the words that I said and respect that  
Look at the chains, all blurs, need the neck checked  
Look at my chains, icebergs, yeah, I flipped that  
Picked up the bag and I'm on to the next check  
What's next? (What's next? What's next?)  
What's next? (What's next? What's next?)  
Get the bags, I need the checks  
I need the racks, I need to flex (Flex, flex)  
And I need them racks (Racks, racks, let's go)  
Like what's next? (What's next? What's next?)  
What's next? (What's next? What's next?)  
What's next? (What's next? What's next?)  
Like what's next? (What's next? What's next?)  
What's next? (What's next? What's next?)
