

(Fuck you, Max)

I'm movin' universal, out of this Earth
Suniversal
Universal, out of this Earth
Universal

Out of that dirt, out of that work
Get out of that dirt
Trap since my birth
It's gettin' disturbed and I got them disturbed
Gettin' it urgent 'cause I got an urge
I didn't rehearse it 'cause I did it first
I'm mergin' in that lane, I'm finna skrrt (Skrrt, skrrt, skrrt)
I'm on the E-way, makin' a swerve
[?] that way, stay on alert
I'm on a three-way talkin' to her
I came out the alleyway, straight out the dirt
And anyway any day, I'll make it work
[?] I never heard
If I see the enemies, they gon' get hurt
I seen 'em on the curb, I see 'em keep on lurkin'
My energy's conserved, I gotta keep preservin'
I seen it all while I was observin'
I seen it all while I was researchin'
I'm standin' tall like I was a surgeon
I'm finna ball, I'm makin' a purchase
I'm standin' tall and I see 'em all crawlin'
I'm standin' tall, I see 'em all fallin'
You coppin' it all, I'm not low-ballin'
You coppin' it all, I'll give you a bargain
Follow to protocol, you know I'm goin' off
I'm rockin' all the sauce, you know I'm showin' off
You know I'm showin' out whenever we goin' out
You know that I get around (How?)
They won't never figure out, I be in and out

I'm movin' universal, out of this Earth
Universal, out of this Earth
Universal, out of this Earth
Universal, out of this Earth
Universal, out of this Earth
Universal, out of this Earth
Universal, out of this Earth
