

Forbidden Drive

M. Pokora

I see you on the road you look so lovely
I'm gonna make a stop seems you're waiting for me
The way you're watching my car I know it' ll be fine
You've got a lucky star just make a sign

Are you ready now
Fasten your seatbelt now
Gas tank is full and I've got more fuel
My stereo's unpredictable
Come on my baby
Shine here my baby
Come on and sit right next to me girl
I'll be sure that gear is ready

Come on, come on, come on, come on, ride on

I'm gonna drive you love
Hai hai ya
I know it'll make you groove
It's a forbidden drive
Come on and ride my love
Hai hai ya
Let's make the speed improve
Of this forbidden drive
And when you'll hear my motor
Hai hai ya
You'll be begging for more
More forbidden drive
We're gonna ride the love
Hai hai ya
Get ready for the score
Of this forbidden drive

Oh second verse listen up girl

Here in my brand new car seat a bit closer
Feels so hot turn on the air conditionner
As we hit the freeway feel my engine roar
This is a game to play tell me you want more

Are you ready now
Fasten your seatbelt now
Gas tank is full I've got more fuel

My stereo's unpredictable
Come on my baby
Shine here my baby
Come on and sit right next to me girl
I'll be sure that gear is ready

Come on, come on, come on, come on, ride on, honey

[Refrain]

Girl you wanna drive me
