

Where Did I Go Wrong

Matt Pryor

Sing this song,
Don't recall,
And I've been off, and you can tell.

I've been lost,
I've been all but gone.
Trace the steps where I fell.

Where did I go wrong?
Where did I cave in?
And tell me where's this all begin?
And after all's been said,
And after it's been done,
You figure I'm the one.

Long ago,
I was on my way,
Miles and miles left to roam.

Understand,
This is my mistake,
And all the blame is my own

But where did I go wrong?
Where did I cave in?
And tell me where's this all begin?
And after all is said,
And after is done,
You figure I'm the one.
