

Songs In The Night

Matt Redman

God You can tell the waves be still
Tell the ocean roar to pass
Lord until it does
I'll wait here

God You can part the raging sea
Bring the miracle I need
Lord until it comes
I'll wait here

And I will sing
Songs in the night
Praise in the storm
You're God in it all
And I will stand
I'll be still and know
Whatever may come
You're God in it all

And so when I am in the storm
Lord the storm is not in me
You will be my peace
I'll wait here
I'll wait here

And I will sing
Songs in the night
Praise in the storm
You're God in it all
And I will stand
I'll be still and know
Whatever may come
You're God in it all

Your love
Your love
Won't leave me in the shadows
Oh Your love
Your love
Forever by my side
I will not be afraid
You are my song in the night

And I will sing
Songs in the night
Praise in the storm
You're God in it all
And I will stand
I'll be still and know
Whatever may come
You're God in it all

Your love
Your love
Won't leave me in the shadows
Oh Your love
Your love

And so when I am in the storm
Lord the storm is not in me
You will be my peace
I'll wait here
I'll wait here
