

# Garden

Matt Simons

When you're gone, I starve  
So I gotta be  
Wherever you are

There's no place too far  
You're giving me life  
No matter how hard

There's sunshine  
Every day that you're mine  
Stepping into your light  
Even the flowers turn your way

Like staring at the sunrise  
Oh, you keep me alive  
Alive, yeah

Got my heart racin'  
Like a rollercoaster  
If I want it, you got it  
So baby pull me closer

Got a hunger growin'  
Like it's never over  
If you're feeding, I need it  
So keep your garden open

Got my heart racin'  
Like a rollercoaster  
If I want it, you got it  
So baby pull me closer

Got a hunger growin'  
Like it's never over  
If you're feeding, I need it  
So keep your garden open

(Garden open)  
(Garden open)  
(Garden open)  
(Garden open)

Everywhere you go  
You nourish, my love  
Mind, body and soul

I'm puttin' down roots  
Entangled with you  
When I look in your eyes  
All I see is the truth

You're sunshine  
Everyday that you're mine  
Stepping into your light  
Even the flowers turn your way

Like staring at the sunrise

Oh you keep me alive  
Alive, alive

Got my heart racin'  
Like a rollercoaster  
If I want it, you got it  
So baby pull me closer

Got a hunger growin'  
Like it's never over  
If you're feeding, I need it  
So keep your garden open

Got my heart racin'  
Like a rollercoaster  
If I want it, you got it  
So baby pull me closer

Got a hunger growin'  
Like it's never over  
If you're feeding, I need it  
So keep your garden open

All your touch rain it on me  
All your love rain it on me  
All your touch rain it on me  
All your love rain it on me

Got my heart racin'  
Like a rollercoaster  
If I want it, you got it  
So baby pull me closer

Got a hunger growin'  
Like it's never over  
If you're feeding, I need it  
So keep your garden open

Got my heart racin'  
Like a rollercoaster  
If I want it, you got it  
So baby pull me closer

Got a hunger growin'  
Like it's never over  
If you're feeding, I need it  
So keep your garden open
