It's all about patience
This is not a relationship
If I can explain it
This whole situationship

Here's how it's done
You call me at a quarter past one
Then what you do
You leave by a quarter past two and
By about three you're bound be texting me
We've been here before
It's a matter of time before you're at my door

I know by my
Sweatshirt under your coat
When girl it ain't even cold
Feels like you already know
Think we got a lifetime coming up
Sure, I hear what you say
But we still talk every day
I guess we'll leave it alone
Think we got a lifetime coming up

I'm not about rushing
Good things will come to those who wait
You say it ain't something
But I know you're already on your way

Here's how it's done
You call me at a quarter past one
Then what you do
You leave by a quarter past two and
By about three you're bound be texting me
We've been here before
It's a matter of time before you're at my door

I know by my
Sweatshirt under your coat
When girl it ain't even cold
Feels like you already know
Think we got a lifetime coming up
Sure, I hear what you say
But we still talk every day
I guess we'll leave it alone
Think we got a lifetime coming up

I'm not counting the days to get closer babe
You take all of your space

I know by my
Sweatshirt under your coat
When girl it ain't even cold
Feels like you already know
Think we got a lifetime coming up
Sure, I hear what you say
But we still talk every day
I guess we'll leave it alone

Think we got a lifetime coming up

I know by my
Sweatshirt under your coat
When girl it ain't even cold
Feels like you already know
Think we got a lifetime coming up
Sure, I hear what you say
But we still talk every day
I guess we'll leave it alone
Think we got a lifetime coming up
