

## Word After Word

Matt Simons

I see the melody when I look in your eyes  
Heart like a symphony putting your hand in mine  
I hear the violins playing soft like your skin  
Something so beautiful, I can't stop listening

So whenever we get to the end  
Can I lean in to kiss you and start it all over again?

If you just sing to me  
Suddenly everything  
I ever dare to dream comes true  
I could spend my whole life  
Trying to memorize  
All of the magic in this room  
Word after word  
I've never heard a love song like you

Sounds like a masterpiece, strikes like a chord  
All that I ask of you is to let me be yours  
I feel the harmony so in tune you and I  
Never seems hard to me moving with you in time

So whenever we get to the end  
Can I lean in to kiss you and start it all over again?

If you just sing to me  
Suddenly everything  
I ever dare to dream comes true  
I could spend my whole life  
Trying to memorize  
All of the magic in this room  
Word after word  
I've never heard a love song like you

Over and over and over and over again in my head  
You play over and over and over and over again in my head  
You play over and over and over and over again in my head  
You play over and over and over and over again in my head  
So whenever we get to the end  
Can I lean in to kiss you and start it all over again?

If you just sing to me  
Suddenly everything  
I ever dare to dream comes true  
I could spend my whole life  
Trying to memorize  
All of the magic in this room  
Word after word  
I've never heard a love song like you
