

Break Me Down

Matt Stell

There's a long trail
Following you around
Made from broken hearts
Scattered on the ground

You take the best
And leave them where they die
I'm crossing my fingers
To be a victim tonight

Break me down
Break me down
Carve out a throne
In my heart of stone
Break me down
Break me down
Come claim your crown
Break me down

Sweetest sound
Slowly drips
Past your happy tongue
Through your crimson lips

I want to burn inside
Lord, I wanna feel coerced
Darlin' don't hold back
I want you to do your worst

Break me down
Break me down
Carve out a throne
In my heart of stone
Break me down
Break me down
Come claim your crown
And break me
(Break me, break me, break me)

Fast love comes easy
But then it's gone
I'm looking for something that won't leave me alone

Break me down
Break me down
Carve out a throne
In my heart of stone
Break me down
Break me down
Come claim your crown
Break me down
