

# When You Know

Matt Stell

These small-town streets  
That got eyes on you and I  
We're just doin' our thing  
Guess our love just ain't their style  
I'm a rollin' stone  
You're a little gypsy child  
They say we're gonna burn out  
But they ain't ever seen a fire this wild, wild, wild

Them haters, nay sayers  
They say we don't look good on paper

But when it's in your heartbeat  
Way down in your bones  
When you'd rather die than try to let it go  
Everything just makes sense, even when it don't  
It's just a feeling, don't need a reason  
'Cause when you know you know  
When you know you know  
When you know you know you know you know, no no

Something comes over me  
When it comes to you and I  
Those lips on me, it feels so free  
I swear girl I could fly  
I'm all in, we're touchin'  
Ain't nothing gonna change my mind

But when it's in your heartbeat  
Way down in your bones  
When you'd rather die than try to let it go  
Everything just makes sense, even when it don't  
It's just a feeling, don't need a reason  
'Cause when you know you know  
When you know you know  
When you know you know you know you know, no no  
When you know you know

When it's in your heartbeat  
Way down in your bones  
When you'd rather die than try to let it go  
Everything just makes sense, even when it don't  
It's just a feeling, don't need a reason  
'Cause when you know you know  
When you know you know  
When you know you know you know you know, no no  
When you know you know  
When you know you know you know you know, no no
