

# Don't Ask

**Matt Terry**

You said it's none of your business  
But I know it tears you apart  
You're still curious and it's not good for you  
Why would you wake up to shadows?  
Leave him to sleep in the dark  
It's way too dangerous, it's only breaking your heart

You said it was over  
You don't get to cry  
After what you did  
So don't give me no questions  
I'll tell you no lies  
That's just how it is

Don't ask, no don't ask where I'm heading tonight  
You don't really wanna know  
I'm telling you now, I'm telling you with that look in your eyes  
You don't really wanna know

Feel like I don't even know you  
You're just a stranger again  
We went from 'meant to be'  
To distant memories  
I thought this is what you wanted  
Tell me I'm causing you pain  
I'm not your enemy  
I'm just not taking your blame

You said it was over  
You don't get to cry  
After what you did  
So don't give me no questions  
I'll tell you no lies  
That's just how it is

Don't ask, no don't ask where I'm heading tonight  
You don't really wanna know  
I'm telling you now, I'm telling you with that look in your eyes  
You don't really wanna know

No, you don't really wanna know  
No, you don't really wanna know

Truth told, it's time you let go  
There's some things you don't wanna know  
Truth told, it's time you let go  
There's some things you don't wanna know

Don't ask, no don't ask where I'm heading tonight  
You don't really wanna know  
I'm telling you now, I'm telling you with that look in your eyes  
You don't really wanna...

Don't ask, no don't ask where I'm heading tonight  
You don't really wanna know  
I'm telling you now, I'm telling you with that look in your eyes  
You don't really wanna know
