

## Capitol City

Matt Wertz

Listen close  
The monuments are whispering your name  
I'm standing strong  
Knowing that we'll never be the same  
It's getting hard to fake  
CHORUS:  
But as you go your own way  
Remember, do not be afraid  
because you're right where you should be  
In Capitol City  
Yeah, I know  
There's better things right now for you than me  
You're growing up  
Those squinty eyes are just starting to see  
Everything you need  
BRIDGE:  
Say the word  
It's all I'd need  
To catch a plane  
Make you believe
