Committed

Matt Wertz

Let's be honest, baby
I've known black and white
Back and forth with maybes
We could call this ice

I've been drifting, shifting, shaken from the start
Now we're in it, to win it, ain't ever gonna stop
Let's be honest, baby
You know that I'm never gonna let you go

Cause I'm committed
Can't turn back around and let you go
I've been there before
I'm committed
There's nothing in the world that I want more
I'm committed
I'm committed

Every chance I'm taking
There's no turning back
Break my heart wide open
What's left to protect

I've been drifting, shifting, shaken from the start
Now we're in it, to win it, ain't ever gonna stop
Let's be honest, baby
You know that I'm never gonna let you go

Cause I'm committed
Can't turn back around and let you go
I've been there before
I'm committed
There's nothing in the world that I want more
I'm committed
I'm committed

You know you want it when you can't take no
There's no escaping when you're walking down that road
No easy exit for you, nowhere to go
'Cause you're locked in, stuck in
Never gonna let this go

Cause I'm committed
Can't turn back around and let you go
I've been there before
I'm committed
There's nothing in the world that I want more
I'm committed
I'm committed
