

Keep Going

Matt Wertz

When the only thing falling to place
Is the rain coming down in your face
When you're overdue and you're underpaid and you can't catch a break,
yeah
Don't forget that you're loved anyway

Go easy
Stay open
Oh, keep going
You're bent but you're not broken
Oh, keep going
Oh, keep going

When you're down and there's not a way out
Yeah
Wanna fly but you're stuck on the ground
When you gave it all but it's not enough and you just can't see how
Ah
You'll move on, take my hand, sing it loud
Sing it loud

Go easy
Stay open
Oh, keep going
You're bent but you're not broken
Oh, keep going
Oh, keep going

Keep going
When you're right on the brink
Keep going
You've got more than you think
Get up and get on
Know that you're not alone in the fight
Oh

Someday maybe you'll look back and say
"That's why I am who I am today"
Oh

Go easy
Stay open
Oh, keep going
You're bent but you're not broken
Oh, keep going

You're bent but you're not broken
Oh, keep going
Oh, keep going
