

Rosalee  
Prettiest leaf on your family tree  
Tell me a secret  
When you close your eyes, baby  
Tell me what world do you see?

Rosalee  
Sometimes this feeling takes over me  
Did you feel it too?  
Was I holding you, baby?  
Or maybe it's you holding me  
Oh, Rosalee

Darling, please  
Give my love to your mama  
Darling, please  
I was young and I was wrong  
On my knees  
Praying he don't do you harm  
I hope he ain't like me, Rosalee

Rosalee  
Don't let this world send you out to sea  
Don't hide who you are  
When you feel like you're drowning  
Remember the truth sets you free  
Oh, Rosalee

Darling, please  
Give my love to your mama  
Darling, please  
I was young and I was wrong  
On my knees  
Praying he don't do you harm  
I hope he ain't like me, Rosalee

Darling, please  
Give my love to your mama  
Darling, please  
I was young and I was wrong  
On my knees  
Praying he don't do you harm  
I hope he ain't like me, Rosalee

I hope he ain't like me  
I hope he ain't like me, Rosalee  
I hope he ain't like me  
I hope he ain't like me, Rosalee
