

Everywhere

Matt White

And who am I to love?
Who am I to say?
And when you're all alone
What will be our day?

I try to tell you one thing
All of the signs, they tell me
What else you wanted from me
Tell me, I'll be fine

Everywhere
Everywhere
Everywhere
Everywhere

I know that I've been wrong
You are always right
Take it all for me
And you will finally see

You try to tell me one thing
All of the signs, they tell me
What else do you want from me
Tell me, I'll be fine

Everywhere
Everywhere
Everywhere
Everywhere

Everywhere
Everywhere
Everywhere
Everywhere

Everywhere
Everywhere
Everywhere
Everywhere
