

# It's You

Matt White

The sun is up  
Know what to do  
Your silky hair  
Quiet kisses for two  
Rocked in the sheets  
Your moves are changing my view  
About my past  
'Cause in the news

Phone rings, and I wait too long  
For your call, and you think I've gone  
To another one, but I hope you know  
It's not true

And it's you  
There's no one else but you  
And it's true  
There's no one else but you

Used to chasing love  
In the summer sun  
Not playing games  
They've lost their fun  
[?] long nights  
Across the globe  
And when I'm out  
I wanna go home

Phone rings, and I wait too long  
For your call, and you think I've gone  
To another one, but I hope you know  
It's not true

'Cause it's you  
There's no one else but you  
And it's true  
There's no one else but you

I'm loving you  
You're loving me too  
I'm loving you  
You're loving me too  
I'm loving you  
You're loving me too  
Too, too, too

And it's true, it's true  
It's true, it's you  
It's true, it's you

'Cause it's you  
There's no one else but you  
And it's true  
There's no one else but you  
'Cause it's you  
There's no one else but you  
And it's true

There's no one else but you
