

## Guns Of Carolina

**Matthew Good**

Stay like that  
You always win with it  
That car crash  
Where you're laid out like Arlington

Got some explaining to do  
Got some explaining to do  
It's all too late  
So what you waiting for?  
Take these guns back to Carolina  
It's all too late  
Done what you paid me for  
So take these guns back to Carolina

All high-pass  
Every time I look at you  
The doors still draft  
The same old empty rooms

Got some explaining to do  
Got some explaining to do  
It's all too late  
So what you waiting for?  
Take these guns back to Carolina  
It's all too late  
Done what you paid me for  
So take these guns back to Carolina  
to Carolina, to Carolina, to Carolina

It's all too late  
Done what you paid me for
