

## In Love With A Bad Idea

Matthew Good

Line up crooked my eyes straight up at the sun  
In and out of consciousness  
Neither is much fun  
Show down with that head of yours  
And the book is 10 to 1  
Ghetto rock for Princess Sticky Magazine  
Five nights on the TV and two nights in between  
To make out in the basement with the American dream  
Take your time  
Baby ain't it crazy just to want it  
Arrogant to flaunt it  
Since we fell in love with a bad idea?  
Shine up crooked your eyes blazing like the sun  
Make a little paradise for many to be one  
Name it after liberty and build it running guns  
Slumming it with Princess Sticky Magazine  
Five nights on the TV and for \$10,000 she'll agree  
To do it on camera with the American dream  
Take your time  
Baby ain't it crazy just to want it  
Arrogant to flaunt it  
Since we fell in love with a bad idea?  
Take your time
