

Pony Boy

Matthew Good

It's giving me a headache
I'm rocking like an earthquake
And my head's on fire
My head's on fire

Well this is where the dam breaks
And this is where she fakes it
Most of the time
My head's just fine

It's giving me a headache
I pray it's just a mistake
And my head's on fire
My head's on fire

And I'm a pony boy

It's giving me a bad name
Rocking like an earthquake
And my head's on fire
My head's just fine

Well this is where the dam breaks
And this is where she fakes it
Counting the lines
On the ceiling tiles

It's giving me a headache
I pray it's just a mistake
And my head's on fire
My head's on fire

And I'm a pony boy
I'm a pony boy

And this is where the dam breaks
This is where the dam breaks
It's giving me a bad name
It's giving me a bad name
It's giving me a headache
I prayed it's just a mistake
And my head's on fire
My head's on fire

And I'm a pony boy
And I'm a pony boy
And I'm a pony boy
And I'm a pony boy
