

## Quiet Lies

Matthew Mayfield

You somehow see inside me  
When I lay down  
You steal my dreams easily  
When you're around  
Quiet lies  
Whisper whispered all the time  
No more silent treatment  
I am screaming in your ear  
I'm starving stop at nothing  
Til I am inside you for good  
For good  
Lights blurred with time  
And that gray became a light  
You see nothing clearly  
So head strong deny the feeling  
Quiet lies  
Whisper whisper all the time  
No more silent treatment  
I am screaming in your ear  
I'm starving stop at nothing  
Til I am inside you for good  
Ooh for good ooh for good  
No more silent treatment  
I am inside i am inside  
No more silent treatment  
I am screaming in your ear  
No no no  
Starving I'll stop at nothing  
Til I am inside you for good  
No no no no  
No more silent treatment  
I am screaming in your ear  
No no no  
Starving I'll stop at nothing  
Til I am inside you for good  
For good
