Matthew Mayfield

Are you the one who
Can unlock the door to
The end of the shame?
Knock knock knock knock
Knock knock

Am I the one who
Is able to walk through
And see what awaits?
Knock knock knock knock
Knock knock

Well I go out
And I get
Wasted
And you taste it
On my tongue

You think this is
About getting lit
When it's
Glenlivet
To put out a fire

Are you the one who
Can unlock the door to
The end of the shame?
Knock knock knock knock
Knock knock

Am I the one who
Is able to walk through
And see what awaits?
Knock knock knock knock
Knock knock

You think this is about
Choices
When it's
Voices
That you never hear

So tell me one more time
That I'm
Fucked up
And I'm just lucky enough
To have you around

Are you the one who
Can unlock the door to
The end of the shame?
Knock knock knock knock
Knock knock

Am I the one who
Is willing to walk through
And see what awaits?

Knock knock knock knock
Knock knock

I want out of this
Sickness
This sickness

I want out of this
Sickness
This sickness

You're not the one who
Is willing to push through
And look at my face

But I am the one who
Is able to walk through
And see what awaits
