

Fall

Matthew Mole

Don't let me go
Don't let the wind
Take my breath away
I'll cover it
Only to pretend
I know that I'm so delicate
Don't leave me alone
I'm at the brim
The world is swaying
The thoughts in my head
That my heart won't believe

When we fall
When we fall down
Our earth feels wrong side up
When we fall
When we fall now
How long before we drop?
Hold tight we'll get back up

I've waited long
I've felt the pain
I've been around
I think I might be better now
Things are still unclear
But there are reasons to stay here
Unexpectedly
Maybe
The news is playing tricks on my head
But my heart is ready

When we fall
When we fall down
Our earth feels wrong side up
When we fall
When we fall now
How long before we drop?
Hold tight we'll get back

Don't let me go
Let me tell my story
The weight
Of the world
Will implode
Before me
So don't let me go
Let know before it ends
Pull me up again

When we fall
When we fall down
Our earth feels wrong side up
When we fall
When we fall now
How long before we drop?
Hold tight we'll get back
