

# Holding On

Matthew Mole

I'll look into the light  
The promises you've made  
Have shown me  
How to practise trust  
Because everything you've  
Laid before me now  
I hold on to you  
You see me now  
I look up to you

I'm holding on  
I'm holding on  
When you speak  
Like yesterday  
I'm holding on  
And all of this pride will be  
Pushed to the side because  
I look to you  
I'm holding on

People try to run, but  
I have so much fun  
Left in me  
I've never felt so strong  
And when I see your heart  
You'd shown me  
How to hold on to you  
You see me now  
And I look up to you

I'm holding on  
I'm holding on  
When you speak  
Like yesterday  
I'm holding on  
And all of this pride will be  
Pushed to the side because  
I look to you  
I'm holding on

You, you see me now  
You call me out  
You call me now

I'm holding on  
I'm holding on  
When you speak  
Like yesterday  
I'm holding on  
And all of this pride will be  
Pushed to the side because  
I look to you  
I'm holding on
