

# I'm With You

Matthew Mole

Tell me where you go, the place where you hide  
The less that you know, the more that you're mine  
And all that I am, the words that I say  
The love that I have, the curse that I break

And I'll be there and I won't turn away  
In the lion's den I'll never let you be afraid

I'm with you, I'm with you  
I'm with you, I'm with you  
When you know my song in your broken heart  
And your hope is gone I'll be holding on again  
I'm with you, I'm with you, yeah

Tell me where you've gone and bring me your case  
The worse that you've done, the least of my grace  
And take what you see and take what you know  
And leave it with me and let them all go

And I'll be there, just let me in your heart  
In your despair I'll never let you fall apart

I'm with you, I'm with you  
I'm with you, I'm with you  
When you know my song in your broken heart  
And your hope is gone I'll be holding on again  
I'm with you, I'm with you, yeah

Ooh ah...

Take my heart, hold my hand  
All I want, all I am  
Know my thoughts, know my plans  
'Cause when you know me in the dark  
Know I'm better than I've ever been

I'm with you, I'm with you  
I'm with you, I'm with you  
When you know my song in your broken heart  
And your hope is gone I'll be holding on again  
I'm with you, I'm with you
