Lost On You

Matthew Mole

Call it what you like
Call it suicide
You don't have a clue
Try to understand
I have formed a plan
That you fall into

Let me keep you warm
Let me calm the storm
Standing over you
Maybe when you die
You won't need to try
You'll be someone new

One day my love won't be lost on you
(I'm lost on you)
One day my love won't be lost on you
(I'm lost on you)

Maybe love is blind
Mine will give you sight
Like you've never seen
And anything you do
I'm right in front of you
I will never leave

And all this time
You were mine
And I was there
And I will go with you
Whenever you are scared

One day my love won't be lost on you
One day my love won't be lost on you

Broken and defeated
Let me pour my heart out
Spoken and deleted
Let the war be won now

Broken and defeated
Let me pour my heart out
Spoken and deleted
Let the war be won now

(I'm lost on you)
(I'm lost on you)
(I'm lost on you)
(I'm lost on you)

One day my love won't be lost on you
(I'm lost on you)
One day my love won't be lost on you
(I'm lost on you)
