

# Whale

Matthew Mole

Open up your hands  
Synchronize your plans and find the way to go  
Open up your hands  
Synchronize your plans and find the way home

And if you'd run run run run away disobey your father  
Then wait and see there's a whale in the sea for you

Open up your hands  
Synchronize your plans and find the way to go  
Open up your hands  
Synchronize your plans and find the way home
