

Braver

Matthew Parker

There's a battle within you, raging like a war of the ages (whoa-oh)
But there's a hero within you, waiting for the chance to be brave (be brave,
be brave)
So even if you wanna give up and your fears scream louder than thunder
You are never gonna give up, you're not going under

Hold on to hope, just hold on
Hold on to hope, just hold on
Let go your fears and be strong
Hold on to hope, just hold on

What if all this could make you braver, stronger
Walking through the fire, flying even higher
Like a fighter, you rise up
If you never give in you won't find a limit
You'll be braver, stronger, oh!
Never give up, no never surrender, never give in
Braver, stronger
What if all of this could make you braver?

There's a wildfire within you, lighting up the courage to fight back (whoa-oh)
And there's an anthem within you singing out a hallelujah (hallelujah, hallelujah)
So even when you wanna give up and your fears scream louder than thunder
You are never gonna give up, you're not going under

Hold on to hope, just hold on (be brave, be brave)
Hold on to hope, just hold on (be brave, be brave)
Let go your fears and be strong (be brave, be brave)
Hold on to hope, just hold on

What if all this could make you braver, stronger
Walking through the fire, flying even higher
Like a fighter, you rise up
If you never give in you won't find a limit
You'll be braver, stronger, oh!
Never give up, no never surrender, never give in
Braver, stronger
What if all of this could make you braver?

Yeah the sun will rise again, and the night will soon be past
Open up your eyes again, see the perfect hope that we had
Mmm
(Hold on to hope just hold on)
(Hold onto hope just hold on)

What if all this could make you braver, stronger
Walking through the fire, flying even higher
Like a fighter, you rise up
If you never give in you won't find a limit
You'll be braver, stronger, oh!
Never give up, no never surrender, never give in
Braver, stronger
What if all of this could make you braver?
