

Dance Party Unlimited

Matthew Parker

Come on, yeah
One more time

Let go of your worries and take your time (Let go)
Uh, 'cause now is the moment to let it unwind
Let it all out now, out now
(Can you feel all the music? It'll let you know)
It's gonna be okay, be alright
So just let go and dance tonight
Yeah
(So just let go and dance tonight)

What you come here for, for the dance party?
Wanna move and groove, and get RT?
Got the boomin' bass and the energy
So get movin', and we got a little party
Ain't got no time to waste
We got the fire, we livin' it
Everybody up, everybody get down
Dance party unlimited

(Dance party)
Uh, yeah-yeah

We come alive in the night, we are the light
Dance party unlimited
It's never ever gonna stop, I'm gonna rock
You know we're on a mission
My mind is good, I'm down
Turn up the bass sound
Everybody movin' on the dance floor
One, two, three, let's go

(Dance party)
We go, yeah

Hallelujah, rockin' rockin'
