

# Dreamworld

Matthew Parker

It's not over yet  
I still got 2 wishes left  
It's not over yet  
I wish I could go back

Hey hey hey  
Going by fast  
But I take it slow  
Wondering where did my whole life go?  
Weekends I just sleep in  
Monday and repeat it  
Hey hey hey  
When I was young I remember well  
Up in dreamworld but I must have fell  
I used to be a dreamer  
But dreams keep slipping through my fingers  
Don't blink

Kicking leaves on the sidewalk  
What is this sad road that I walk, oh  
I sleep with the lights on  
Don't wanna miss a moment, hey hey hey  
Things were better then  
Summer in the woods with my best friend  
Don't blink  
You'll be lost in a second  
In a corporate world of bills and depression  
Don't blink

It's not over yet  
I still got 2 wishes left  
Don't blink  
It's not over yet  
I wish I could go back

Hey hey hey  
Going by fast  
But I take it slow  
Wondering where did my whole life go?  
Weekends I just sleep in  
Monday and repeat it  
Hey hey hey  
When I was young I remember well  
Up in dreamworld but I must have fell  
I used to be a dreamer  
But dreams keep slipping through my fingers  
Don't blink  
Don't blink

Yeah  
Fishing at the lake with my dad  
Still remember just how much I loved that  
Camp under the stars and I dream of  
Dreams so clear I can see 'em  
But I got older and disillusioned  
Got my priorities in confusion  
'Cause I blinked

And I found myself chasing money  
Instead of chasing those dreams

It's not over yet  
I still got 2 wishes left  
It's not over yet  
I wish I could go back

Hey hey hey  
Going by fast  
But I take it slow  
Wondering where did my whole life go?  
Weekends I just sleep in  
Monday and repeat it  
Hey hey hey  
When I was young I remember well  
Up in dreamworld but I must have fell  
I used to be a dreamer  
But dreams keep slipping through my fingers  
Don't blink

It's not over yet  
I still got 2 wishes left  
It's not over yet  
I wish I could go back
