

Earth To Sky

Matthew Parker

Fingerprints everywhere
I see you written in the fine print here and there
You're invisible yet I see you everywhere
In the earth in the sky
Everywhere (Everywhere)

There you are there you be
We're back to dirt
And then it's you staring back at me
So I believe in that if they gonna wonder why (Wonder why)
I'mma tell them 'em can see it everywhere from Earth

To sky
(Everywhere everywhere)
Come on yeah
Come on yeah
Everywhere from earth to sky
(Everywhere everywhere)
I see ya
I see ya
Everywhere ooh

Starry night pretty light
I know that you're the maker
Painting the starry heights
I can see you right behind all the starry skies (Starry skies)
Everywhere (Everywhere) everywhere
I can see you everywhere

I'm on a hunt for clues
Yeah I'm searching hard for you
I see you but not with my eyes
I can see you everywhere from Earth

To sky
(Everywhere everywhere)
Come on yeah
Come on yeah
Everywhere from earth to sky
(Everywhere everywhere)
I see ya
I see ya
Everywhere ooh

From earth to sky

From earth to sky
(Everywhere everywhere)
Come on yeah
Come on yeah
Everywhere from earth to sky
(Everywhere everywhere)
I see ya
I see ya
Everywhere ooh

Fingerprints everywhere

You're everywhere
You're everywhere
Ooh
I can see yyou everywhere from earth to sky
