

Ebb & Flow

Matthew Parker

I wanna be closer
So why do I push ya 'til I'm far away?
(Far away)
I try to remember
No matter the weather, trouble comes in waves
That's okay

'Cause everyone has bad days
And everyone has sad days
That's why we need mad grace
That's why I need You
I'm comin' to the surface
I feel the tides turnin'
No drowning in the perfect
'Cause I never knew

Yeah, it doesn't matter
Don't have it together
I'll go with the ebb and the flow
Whenever I'm feelin' alone
Don't worry, we'll get there
'Cause it's not the end here
I don't have it under control
I'm learnin' to just let it go
And go with the ebb and the flow

Imagine my life without You (You)
Swimmin' with no hope that help will come through
Yeah, I don't know what I would do
(Yeah, what would I do?)

'Cause everyone has bad days
And everyone has sad days
That's why we need mad grace
That's why I need You (That's why I need You)
I'm comin' to the surface
I feel the tides turnin'
No drowning in the perfect
'Cause I never knew

Yeah, it doesn't matter
Don't have it together
I'll go with the ebb and the flow
Whenever I'm feelin' alone
Don't worry, we'll get there
'Cause it's not the end here
I don't have it under control
I'm learnin' to just let it go

And go with the ebb and the
Flow-oh-oh
Flow-oh
I'll go with the ebb and the
Flow-oh-oh
Flow-oh

I can't stop this constant fluctuatin', fadin'

But You're my only constant in the mayhem, hoo

Yeah, it doesn't matter (Ohh)
Don't have it together
I'll go with the ebb and the flow
Whenever I'm feelin' alone
Don't worry, we'll get there
'Cause it's not the end here
I don't have it under control
I'm learnin' to just let it go

And go with the ebb and the
Flow-oh-oh
(I'll go with the ebb and the flow) Flow-oh
I'll go with the ebb and the
Flow-oh-oh (Whenever I'm feelin' alone)
Flow-oh
I'll go with the ebb and the flow
