

Ghost

Matthew Parker

Ghost, ghost, ghost
Ghost, ghost, ghost

You call me an angel
You say that I'm a man with a conscience
But I don't see a halo
I'm looking in the mirror full of regrets

You don't know the half of it
You don't know my secrets
Listen close my darlin'
'Cause I don't wanna say it

You're in love with a ghost, ghost, ghost
And it really haunts me at night
I don't even come close, close, close
You're in love with a ghost, ghost (ghost)
You're in love with a ghost
You're in love with a ghost, ghost, ghost
And it really haunts me at night
I don't even come close, close, close
You're in love with a ghost, ghost, ghost

You call me an angel
But I feel like I'm more of a demon
'Cause I fell from heaven
I truly don't deserve all your lovin'

You don't know the half of it
You don't know my secrets
Listen close my darlin'
You're in love with a phantom

You're in love with the ghost, ghost, ghost
And it really haunts me at night
I don't even come close, close, close
You're in love with the ghost, ghost (ghost)
You're in love with the ghost, o-oh-oh
Your fantasy of me isn't real
I don't even come close, close, close
You're in love with the ghost
You're in love with the ghost, ghost, ghost
And it really haunts me at night
I don't even come close, close, close
You're in love with the ghost, ghost, ghost

Woa-o-oh, a-a-o-oh
Woa-o-oh, a-a-o-oh
Woa-o-oh, a-a-o-oh
Woa-o-oh, a-a-o-oh

You're in love with the gh-oo-o-ost
And it really haunts me at night
I don't even come close, close
(I don't even come close)
You're in love with the ghost, ghost, ghost
(You're in love with the...)

You're in love with the ghost, ghost, ghost
You're in love with the ghost, ghost, ghost
You're in love with the ghost...
