

sleepwalking

Matthew Parker

There's more to life than to survive
What's the reason for my existence?
The fire that died, can it be revived?
Can I wake up from my indifference?

Oh-oh, but I can feel your glow
Don't go, I need you to stay close

Caught up in a daze, my mind is a fortress
Wanna escape but I can't get out of my head
Wake me up 'cause I'm fast asleep
Paralyzed in my dream
Almost comatose but still breathin' oxygen
I need the will to fight, I need adrenaline
Dreamin' I'm freefallin'
But I'm just sleepwalkin'

But I'm just sleepwalkin'

Oh-oh, yeah, I can feel your glow
Don't go, I need you to stay close

I am the cage, I am the tether
That's always keeping me under
I wanna break out, I wanna wake up
But I can't hear over the thunder

Oh-oh (oh-oh), but I can feel your glow (I can feel your glow)
Don't go (don't go), I need you to stay close

Caught up in a daze, my mind is a fortress
Wanna escape but I can't get out of my head
Wake me up 'cause I'm fast asleep
Paralyzed in my dream
Almost comatose but still breathin' oxygen
I need the will to fight, I need adrenaline
Dreamin' I'm freefallin'
But I'm just sleepwalkin'

But I'm just sleepwalkin'

Oh-oh, yeah, I can feel your glow
Don't go, I need you to stay close
Oh-oh, yeah, I can feel your glow
Don't go, I need you to stay close

Oh-oh (oh-oh), yeah, I can feel your glow (I can feel your glow)
Don't go (don't go), I need you to stay close
