Spark

Matthew Parker

Oh, we back
Y'all know what time it is, uh, oh-oh

Have you ever felt so alive inside that you just couldn't contain it
Something's happenin' and you can't explain it
Uh, In a room full of strangers
When we come alive inside everything changes (oh)
Yeah, we got the light burning so bright, uh
Set fire to the night you know we just might
'Cause we all so unashamed, power's in the name
Set the boat on fire, fan it into flames

There is nothing that can take this light away
We are ablaze (blaze) with an eternal flame (turn it up, let's go)

We got a fire in the rain
We got a joy amid the pain
We got a spark, spark
Here in our heart, heart (Yeah)
We got a light to guide the way
We got a hope for darker days
We got a spark, spark
Here in our heart, whoa

Sometimes it can feel like the world leaves you out in the cold
Feeling frozen in snow and you know that nobody knows, but
You've got the fire, it's been there from the start
All it takes is a spark to ignite in the dark (oh!)
Tonight you burn brighter than the LA streetlights
The haters gonna hate but you gonna speak life
Yeah, they gonna see right
Christ the only person that we wanna be like

There is nothing that can take this light away
We are ablaze (yeah) with an eternal flame (let's go, let's go)

We got a fire in the rain
We got a joy amid the pain
We got a spark, spark
Here in our heart, heart (Turn it up, let's go)
We got a light to guide the way
We got a hope for darker days
We got a spark, spark (Yeah)
Here in our heart, whoa
(We got that)
We got that spark, we got (C'mon)
We got that spark, we got

So the darker it gets, the brighter you shine
The darker it gets, the brighter you shine
The darker it gets, the brighter you shine
You're just shinin' bright

So when the storm clouds come
And the sky is black as night
That spark is alive inside you
And it's ready to ignite

Are you ready?
Are you ready?
Let's go!

We got that spark, we got that
We got a fire in the rain
We got a joy amid the pain
We got a spark, spark
Here in our heart, heart
We got a light to guide the way
We got a hope for darker days
We got a spark, spark
Here in our heart, whoa (oh)
(They can't keep us down)
(They can't keep us quiet)
We got that spark, we got that
We got that spark, yeah
We got that spark, we got that
We got that spark
