

Superhero

Matthew Parker

She loves me at my darkest
Even when I'm stupid and I'm heartless
She says she'll love me till the world ends
Somehow she makes me feel limitless, woah

She says I'm a superhero
Saying you can change the world
Babe, you're incredible
Everything I know says you're a superhero
You make my world good
It's impossible
But you do it though

My superhero
My superhero, oh, oh
My superhero, yeah
My superhero, oh...

She makes me feel fearless
She takes my hand and I'm a champion
She says she'll love me till the sky falls
Got me thinking I can fight the foes
And save the day

She says I'm a superhero
Saying you can change the world
Babe, you're incredible
Everything I know says you're a superhero
You make my world good
It's impossible
But you do it though

My superhero
My superhero, oh, oh
My superhero, yeah
My superhero, oh...

My soul is in my music
Sometimes I look back and think I blew it
But she says baby you can do this
She believes, so I believe and push through it
I want her to know that

She's a superhero
Baby, you can change the world
Yeah, you're incredible
Everything I know says you're a superhero
You make my world good
It's impossible
But you do it though

My superhero
My superhero, oh, oh
My superhero, yeah
My superhero, oh...
My superhero, yeah
My superhero, oh...

My superhero
