

Unstoppable

Matthew Parker

Oh, nothing can stop us
Maybe they'll turn back and run, but not us
We're in it to the death
And nothing can phase us, change us, or break us
We're courageous till our last breath

This is our fight song 'cause we will stay strong
We will never give, never give up
Never alone in the great unknown
We will never give, never give up

Anything is possible
Nothing is impossible
Anything is possible
We are unstoppable

Unstoppable, hey

Oh. nothing can stop us
Maybe they'll turn back and run, but not us
We're in it to the death
And nothing can phase us, change us, or break us
We're courageous till our last breath

This is our fight song 'cause we will stay strong
We will never give, never give up
Never alone in the great unknown
We will never give, never give up

(Anything is possible
Nothing is impossible
Anything is possible
Nothing is impossible)
Anything is possible
Nothing is impossible
Anything is possible
We are unstoppable

(We are unstoppable)
Unstoppable
(Hey)

(Anything is possible)
We are unstoppable

(We are unstoppable)
Unstoppable
(Hey)
