

Warfare

Matthew Parker

Warfare

We fight, we bleed, we die
If you ask us why
We got somethin' worth dyin' for
(Dyin' for) Woah-oh, yeah
The dark is paralyzing
But the light inside is blinding
And we'll shine 'til the day we fly

The enemy's advancing
But we will keep on dancing
'Cause in the power of God we dare
To do the impossible
We fight, we love
We take the world by storm
Because our captain is the great Almighty Lord
(And we will give it all for Him)

The day is coming fast
And this life is almost passed
We gotta stay strong 'til the day
That we get there
Oh, our hero takes the lead
We're runnin' at full speed
This is really, truly warfare

If you ask us why
We got somethin' worth dyin' for
(Dyin' for) Woah-oh, yeah
The dark is paralyzing
But the light inside is blinding
And we'll shine 'til the day we fly...

We'll shine 'til the day we fly

We'll shine 'til the day we fly...
