

# What He Said

Matthew Parker

So many people drowning in a sea of their own guilt  
Their sins have been washed away  
But the memories are there still, oh oh  
The God I believe  
What He said, What He said  
He said that "those who trust in me will never see death"

Do you believe what He said?  
Do you believe in Him?  
Do you believe what He said?  
Do you believe in Him?

Do you believe what He said?  
Do you believe in Him?  
Do you believe what He said?  
Do you believe that your sins are washed away?  
Do you believe it's a new day? (new day)  
Cause that's what He said

So many people sayin' that nobody loves them  
They don't know how much they're loved  
Because He paid their debt for them  
They gotta believe what He said, what He said, what He said  
He said He loved the world so much that He gave His life for them

Do you believe what He said?  
Do you believe in Him?  
Do you believe what He said?  
Do you believe in Him?

Do you believe what He said?  
Do you believe in Him?  
Do you believe what He said?  
Do you believe that your sins are washed away?  
Do you believe it's a new day? (new day)  
Cause that's what He said  
What He said  
Cause that's what He said
