

I Won't Let You Down Again

Matthew Perryman Jones

So many ways to find a lonely lover
They're the first ones to confess
Stuck between the honest day
And the secrets in your chest
I swear you're dancing with
The fallen angels in the dark

Every step will get
Your heart beating faster
Isn't that your favorite part?

Oh, I won't let you down again
Oh, I won't let you down again

So many ways to get
Your heart broke, honey
Pick what suits you best
Spend your whole life working on it
But you're such a lovely mess
I dare you to convince me
That your love's a work of art
I don't believe a single word
You're saying,
But this is coming from my heart

Oh, I won't let you down again
Oh, I won't let you down again

Oh, Lover got your
Home fires burning
Beating up against the wall
I guess you thought
You could never fall
Never walk the long way home
You're still dancing
With a bottle
Trying to break
Your reckless ways
But you never stop
Every night you try to blame yourself
For someone that you're not

Oh, I won't let you down again
Oh, I won't let you down again
