

# Keep It On the Inside

Matthew Perryman Jones

I'm behind the wheel  
Cold and stoned  
The spirit is heavy  
And I just want to be alone

I was born so free  
But a slave I'm bound  
I lost myself  
On a long way down

C'mon, c'mon, c'mon, let's fight  
I'm pushing up against the dark tonight  
I never want to tell you  
What I saw last night  
Keep it on the inside

There's a hiding place  
On the bedroom floor  
I cover myself  
When the cold wind blows

I've been living like a ghost  
In a cage of steel  
With the gate wide open  
On a battlefield

C'mon, c'mon, c'mon, let's fight  
I'm pushing up against the dark tonight  
I never want to tell you  
What I thought last night  
Keep it on the inside

Setting stones  
On a fire in motion  
But you don't want to know it,  
Do you?  
It's broken like a bone inside

There's a lightning storm  
Tearing up the field  
Everything changes  
I'm trying just to let it go, now  
Let it go,  
Let it go, now  
Let it go,  
Let it go, now
