

Long Way Home from Here

Matthew Perryman Jones

I'm letting it all go
I've been walking in the dark
I'm getting off this road
I'm gonna follow my heart
Not gonna waste another year,
Wanna feel it in my bones
I wanna feel you near
It's a long way home
From here

I drifted off course
I lost my way
Never been here before, I don't recognize this place
But everything is clear,
Gotta get back on my own
I wanna feel you near
It's a long way home
From here

Those words I never said,
Stuck in my mouth
Now, they're spinning in my head
And I'm going to spit them out
There's nothing left to fear
Fear took everything I've known
I wanna feel you near
It's a long way home
From here

I'm digging in my heels,
My will is set in stone
I wanna feel you near
It's a long way home
It's a long way home
It's a long way home
From here
