

## Table for Two

Matthew Perryman Jones

Come on over now  
You can stay a while  
We'll roll that dice  
To see how this plays out

Lay your head on me  
Tell me everything  
Don't hold nothin' back  
I am listening

Be it love or be it lust  
Well I just can't get enough... of you

So I lay my cards upon this table built for two  
I just can't get enough... of you

Go for broke this time  
Lay it on the line  
We will never know  
If we don't dare to try

Now you got me tangled up  
I just can't get enough... of you

So I lay my cards upon this table built for two  
I just can't get enough... of you  
So I lay my cards upon this table built for two  
Now I just can't get enough  
No, I just can't get enough... of you
