

## Baltimore

Matthew Sweet

I'm stuck here in Baltimore while you walk free  
Luckier than one could claim a right to be  
You and I just couldn't stand the sight of me  
In Baltimore, I knew the score  
By Baltimore, I knew for sure

I need it bad but I can't just make my love  
I want it back till the pushes come to a shove  
I need it bad but I can't just make my love  
In Baltimore, I knew the score  
By Baltimore, I knew for sure

Only my tears will out last yours  
Trying numbers, no one answers  
Every name brings more disasters  
In Baltimore, in Baltimore

In Baltimore I knew the score  
By Baltimore I knew for sure

I need it bad but I can't just make my love (make my love)  
Make my love (make my love)  
Make my love (make my love)  
Make my love (make my love)
